Easter Egg Hunt Quiz 2015

Spend your Easter outside!

With the help of free augmented reality app, Aurasma, we have created a little outdoor Easter Challenge for you. We have left seven questions for you around our Betjeman Park, so you will need to download the Aurasma app to your phone (iOS or Android), go to the listed spots and look for our little recorded videos.

Aim your phone at each listed item from all possible angles to find the one we used too!

Once you find the questions, look for answers, write them down and send them back to us to receive a little something during our Awards Ceremony.

HAVE FUN!
